"In Unity We Succeed"

Proposal

Unity Academy Blackpool proposes to 'de-designate' their Children's Centre when their current contract expires with Blackpool Council on the 31st August 2015 .

We do not want families to be concerned at all about this, as in practice this will mean that only the name of the centre will alter and that services for children and families will remain as they currently are .

The Centre has gone through a period of change over the last few years to tailor its offering to the needs of families. We are confident that Unity Academy will still be able to provide services and support for families within our area.

What will it mean for children and Families

You will see very little change to the service you can access here.

A redesign of the space which will take place over the summer this will see the development of a new improved community space for Children and Families which we hope will encourage you to continue attending.

Exciting new things for you will be:

- √ Activity area with new facilities and Sensory Play Room
- √ Expansion of our Outstanding nursery provision (Ofsted Feb 15)
- √ Increase in volunteering opportunities
- √ Families who live closer to Claremont Children's Centre will be visited by a member of the Claremont Children's Centre Team to tell you about any additional services they have.
- √ There will also be a change of name to the space. Please make name suggestions for consideration if you wish on the back of this leaflet.

What services will be on offer at the site for children and families?

You will still be able to enjoy:

- √ Well Baby Clinic
- √ Baby Massage
- √ Volunteer led sessions including Stay and Play and Messy Play
- √ Access to Healthy Start Vitamins and support to apply for the Healthy Start Scheme
- √ Communicate Speech and Language Information Stations
- √ Family and Adult Learning opportunities
- √ Outstanding Nursery provision for children aged 2 years and up
